Report on Anti-Ragging Week

The Anti-Ragging Committee of AIMS College of Physiotherapy organized **Anti-Ragging Week** from 12th to 18th August 2025 with the aim of creating awareness among students about the harmful effects of ragging, the legal consequences involved, and the importance of fostering a safe and respectful campus environment. The week-long program was designed to combine educational sessions with interactive and creative activities, ensuring active student engagement and participation.

Day 1 – 12th August 2025

The week began with an **Anti-Ragging Awareness Talk** delivered by **Adv. Vishal Wadekar** from 3:00 pm to 4:00 pm. In his address, Adv. Wadekar emphasized the various **legal aspects of ragging**, including the relevant laws, punishments, and preventive measures. His detailed explanation helped students understand the seriousness of the issue and their role in preventing it. The event was anchored by **Dr. Mudita Chavan**, and the guest was felicitated by **Dr. Abhijit Satralkar** (Principal) and **Dr. Sheetal Bamhane** (Vice Principal). The session concluded with a Vote of Thanks delivered by **Dr. Omeshree Meshram**, acknowledging the valuable insights shared by the speaker.

Day 2 – 13th August 2025

A **documentary** on anti-ragging rules and regulations was shown to the students, followed by a **short film prescribed by the UGC** depicting real-life scenarios and the consequences of ragging. These screenings served as a visual and impactful medium to educate students about the seriousness of ragging and the disciplinary actions associated with it.

Day 3 – 21st August 2025

A **Reel Making Competition** was organized on the theme *"Students as Change Makers: How Peer Support Can Prevent Ragging."* Students participated with great enthusiasm, using creativity, storytelling, and social media tools to spread awareness. The entries reflected both artistic skill and a deep understanding of the subject. **Dr. Mudita Chavan**, judged the event, and winners were announced. All the reels were later displayed in the college auditorium for students to view and appreciate each other's work.

An **Instagram Threads Digital Poster Making Competition** was conducted on the same theme as the reel competition. Students showcased their talent in digital art and design, creating powerful visual messages promoting peer support and a ragging-free environment. **Dr. Mudita Chavan**, judged the entries, and winners were declared. The posters were also displayed in the college auditorium, allowing students to engage with and discuss the ideas presented.

Student Participation and Enthusiasm.

Throughout the week, the students demonstrated **remarkable enthusiasm and creativity.** The competitions saw high levels of participation, with students using innovative approaches to convey anti-ragging messages. The interactive nature of the activities encouraged teamwork, awareness, and a sense of responsibility among the participants.

Conclusion

The Anti-Ragging Week at AIMS College of Physiotherapy was a well-rounded program that effectively combined legal awareness, visual learning, and creative expression. The active involvement of students, coupled with impactful sessions and engaging competitions, reinforced the message of maintaining a safe, inclusive, and ragging-free campus.
